Dr. Yoko Kato is a Japanese researcher who has been working in the field of human-machine interaction for over 20 years. She is currently an associate professor at the University of Tokyo, where she leads a research group focused on developing intelligent systems that can interact with humans in a natural and intuitive way. Her work has been widely recognized, and she has received several awards for her contributions to the field.

A black and white portrait of a middle-aged man with short hair, wearing glasses and a patterned scarf. He is smiling slightly and looking towards the camera. The photo is set within a rounded rectangular frame.
